

It was a steady day at work. I compiled the D/F lists. I did the A & A/B honor rolls as well as some data for a team. I also did some discipline entry. The day flew by. My sinuses were crazy today with the weather changes and the temperature changes inside and out. But I feel better now. This afternoon I ran and got laundry money. Then I met Dan Cubino over at the Graham Soda Shop & Grill. I really enjoy our times of fellowship, encouraging each other in the Word, and prayer. He is a great brother and I'm blessed to have him there for me and be there for him. I just relaxed at home this evening.
