

Dead tired after a long but very good day. More details tomorrow. come back and see!

It was a busy day at work. We had a lot of kids out and our wireless computer network was down. Plus there was a fight on a bus that caused them to turn it around and bring the fighting kids back.

I spent the evening at [Arts Alive](#) for "The Best Christmas Pageant Ever." We did three performances to full houses. The kids did great and we on the tech. crew got it all down. We had to do a repair after the second show.  one of our backdrops got hit and almost fell off on the angle choir. We got it fixed before the next show. The kids in the play did a great job and it was a fun night. I came home tired but very happy!
