Well Tech Week 1 went well. The dance & sword for stage recital went well on Friday. The ballet was great both shows. I was so blessed to be a part. It was fun getting to hang out with Jesse Fox and get to know him better. I know it was a tiring week for so many of the dancers. But I know the Lord recieved so much glory. It is only by His strength, wisdom, and grace that everything happened and at the right time.

We loaded out and got most everything loaded in for Tech Week 2 for "In His Steps." It was fun relaxing, eating Pizza and singing outside afterwords. I came home check e-mail, showered, and talked with Mom and hit the sack early.
