

It was a busy day, but a good one. I spent most of the day checking off teachers grades. I worked on discipline data entry. We had our end of the year staff lunch & awards. Marg catered and it was great! It was a hard day because of two of our retirees. We will really miss them! After work I headed out to Lake Cammack for a fellowship dinner. We had a church dinner and fellowship to honor, pray for, and send off Jay Carey who is going to Iraq with his reserve unit. After supper we had games of volley ball, basketball, and soccer going on. It was a blast.
