

Finishing the dig

The whole team went to the cistern site. This cistern will serve the mission clinic, feeding center and eventual housing for medical teams. We finished digging out the hole to make it square. We then put down the rebar grid for the floor.

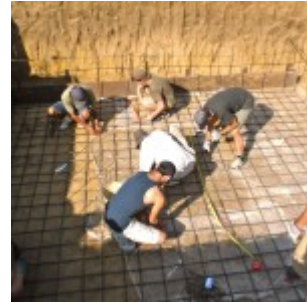

Forming the bucket line

Ladies working on the ties

Starting to tie off the grid

That afternoon we enjoy the dance styling of the Michael Jackson of Bocachica. □

Enjoying the dance

That night was the first night of a parent's conference. Mark Fox taught and Karen Silva translated. Amos Archer, Kyle Southern & Thomas Costello even did a skit.

Mark shares about parenting
